

**PROGRAM**  
**of development of international business cooperation between non-profit associations**  
**of manufacturers and entrepreneurs, their members and business partners**

**Preamble.**

Non-profit alliances of manufacturers and entrepreneurs generally operating in the form of associations and unions should and are able to contribute to solving problems concerning current unstable economic and political situation.

In this connection a program was worked out to provide implementation of the project aimed at developing international business cooperation of NPOs in the interests of their members and partners.

**Project Goal.**

The goal of the project is to support development of international cooperation and coordination of joint activities of nonprofit organizations, their members and business partners.

**Methods to achieve project goal.**

The project goal will be achieved by creating conditions for direct dialogue between the representatives of both non-profit organizations and their members and business partners on the issues of business interaction.

**Project participants.**

Project participants are Russian and foreign non-profit organizations, their members and business partners, which are registered as commercial enterprises.

**Resource support.**

- Organizational: creation of Association of International Cooperation of non-profit organizations;
- Informational: creation of an Internet portal;
- Logistics: attraction of money and other resources from those interested in project results.

### **Project financing.**

At various stages of project implementation (2015 - 2016 years) the sources of financing are:

- Own funds of project initiators;
- Funds of project participants - non-profit organizations, their members and business partners;
- In prospect, advertising and services revenues.

### **Project implementation Indicators.**

At various stages of implementation (2015 - 2016 years), indicators of project results are:

- Objective statistical data;
- References of project participants;
- Results of analysis of project implications at various stages.

### **Terms and stages of the project.**

Terms and stages of the project in 2015 - 2016 are defined by the project plan, which is annexed to the Program.

### **Final provisions.**

Implementation of the above program prescribes setting conditions and prerequisites for a direct dialogue between representatives of non-profit associations, their members and business partners. Dialogue is the best way to achieve mutual understanding and effective cooperation.
